- 9.03 The schedule of work for a period of not less than four (4) weeks shall be posted not less than two (2) weeks in advance. In the event that the Employer must change the schedule to address heavy workload issues or vacancies due to illnesses, vacations, holidays, and leaves of absence, Employees may be required to work additional shifts or change shifts. If so required and an Employee works an additional shift/change shifts:
- (a) If a minimum of forty-eight (48) hours of notice has been provided to the Employee regarding the requirement to work the additional shift/changed

shift, the Employee shall be paid at the Employee's basic hourly rate of pay, and, the shift premium rate, if applicable (see sub-article 13.01); and

- (b) If less than a minimum of forty-eight (48) hours of notice has been provided to the Employee regarding the requirement to work the additional shift/changed shift(s), the Employee shall be paid at time and one half (1.5x) the basic hourly rate of pay for the additional/changed shift, in addition to the shift premium rate, if applicable (see sub-article 13.01) provided that written authorization from the Employee's Supervising Physician and **Employer designate** of the sub-program of the **Clinical Service Area** confirms that the change in schedule was required.

9.04 Notwithstanding the foregoing provisions, the Employer and PCAM may agree to vary the regular hours of work with respect to Employees in a particular **sub-program of a Clinical Service Area**. The terms of any such agreement will be confirmed in writing.

ARTICLE 10 - OVERTIME

10.01 Employees may be required to work overtime. The Employer will endeavour to first obtain volunteers to work overtime when it has greater than forty-eight (48) hours' notice of the requirement for the overtime work.

10.02 Overtime shall only be pre-authorized in such manner and by such persons as the Employer may designate.

10.03 Overtime shall be defined as any pre-authorized time worked in excess of eighty (80) hours over a bi-weekly period for Full-Time Employees. Overtime shall be defined as any pre-authorized time worked in excess of one hundred and sixty (160) hours over a four (4) week period for Part-Time Employees.

Notwithstanding the foregoing and pursuant to Article 9.04, the Employer and PCAM may agree to vary the regular hours of work and the definition of overtime with respect to Employees in a particular **sub-program of a Clinical Service Area**.

10.04 Overtime rates shall be **two times (2x)** the basic hourly rate of pay, except that for any overtime hours worked on a **recognized holiday** the overtime rate shall be **two and a half times (2.5x)** the basic rate.

10.05 By mutual agreement between the Employer and an Employee, overtime may be compensated by granting time off. A maximum of eighty (80) straight time hours may be banked at any time at the applicable overtime rate (e.g. one (1) overtime hour worked at the rate of **two times (2x)** the basic hourly rate shall be banked as **two (2)** straight time hours). Banked overtime accumulated but not used prior to

the completion of the Employer's fiscal year will be paid out. In the absence of an agreement between the Employer and an Employee to bank overtime hours or regarding the time for any banked hours to be taken as time off, overtime will be paid out.

10.06 Overtime rates shall be paid for overtime hours worked (as defined in Article 10.03), except that:

The changeover from Central Standard Time to Daylight Savings Time will be considered as full hours worked for that shift.

ARTICLE 11 - ON-CALL DUTY

11.01 Both parties hereto accept that, in order to provide appropriate service and care to patients/**residents/clients**, on-call duty hours may be required to be worked by Employees in addition to regular hours. Positions that are designated for on-call duties must be approved by the **Employer designate** and the **Regional Medical Lead** of the Employer.

During an on-call shift, an Employee may be required to take phone calls or attend on-site at the facility and perform duties if requested. The Employee is therefore required to be available to return to work without undue delay. On-call duty hours are not hours where an Employee is required to be, or remain, on-site at the facility awaiting assignment of work, including coverage of a shift for another employee or resident physician.

11.02 An Employee in a position with approved on-call duties shall not be scheduled to work such duties in excess of seven (7) times averaged over a four (4) week call period (1:4), unless otherwise agreed between the Employee and the Employer.

The duration of an on-call shift shall be determined by the Employer, but shall not exceed twenty-four (24) hours.

- 11.03 An on-call stipend of \$200.00 per twenty-four (24) hour on-call shift shall be provided. If two or more Employees split an on-call shift, the on-call stipend payable for that shift will be pro-rated between Employees that split an on-call shift.
- 11.04 In addition to the on-call stipend, an Employee that is on-call and required by the Employer to return to work shall be paid at time **and one-half (1.5x)** for all such hours worked.
- 11.05 Hours of on-call duty and hours worked after being called into work while on-call shall not be included in the calculation of bi-weekly hours of work (or hours of work over four (4) weeks for Part-Time Employees) or overtime hours of work.
- 11.06 If an Employee is on-call and is called into work for more than four (4) hours, of which more than two (2) full hours is after midnight and before 0600 hours, and the Employee is scheduled to work on a day shift commencing the morning immediately following the on-call shift, the Employer will make a determination of one of the following:
- (a) the Employee will be assigned administrative (non-clinical) duties during the day shift, and may be permitted to start the day shift at a later time but shall not suffer any loss of pay for the period of the shift that is not worked.
 - (b) where no administrative (non-clinical) duties are considered necessary, the Employee will be rescheduled to commence clinical duties at **1300** but shall not suffer any loss of pay for the period of the shift that is not worked; or
 - (c) where the Employer considers that the duties performed during the on-call shift were particularly onerous, the Employee will not be required to work on the day shift and shall not suffer any loss of pay.
- 11.07 The duration of a call back to work shall be calculated starting from the time that the Employee arrives at the facility until the time that the Employee is no longer required to be at the facility. Notwithstanding, the Employee shall be paid not less than **time and one-half (1.5)** hour at straight time for each call back to work, including call backs that are cancelled while the Employee is en route to the facility.

ARTICLE 12 - SALARIES AND INCREMENTS

- 12.01 The Employer shall compensate Employees for the services provided by them pursuant to this Agreement in accordance with the salary scale set out in Schedule "A" attached hereto and forming part of this Agreement.

- 12.02 Salaries shall be paid bi-weekly to each Employee. Bi-weekly pay statements shall be made available to each Employee showing hours paid, gross pay, and all deductions from wages.
- 12.03 A newly-hired Employee will be placed at Step 1 of the applicable salary scale. Notwithstanding, in exceptional circumstances an Employee may be placed at a higher step if the Employee has a combination of training and experience which warrants higher placement, as determined by the **Regional Medical Lead** of the Employer (or designate).
- 12.04 Incremental increases for Full-Time Employees shall be made in accordance with Schedule "A" on the Employee's anniversary date of employment with the Employer in the classification. Increments shall be paid effective from the actual anniversary date. An Employee's anniversary date for increment purposes shall be delayed by one (1) day for each day of unpaid leave of absence in excess of four (4) weeks.
- 12.05 A Part-Time Employee shall receive increments (calculated from the date of **their** last increment, or **their** starting date as the case may be) **on the basis of one (1) increment for each equivalent annual full-time hours worked as per Article 9.01**. Increments shall be paid effective the pay period immediately following the adjusted effective increment date.

ARTICLE 13 - PREMIUMS

- 13.01 A \$6.48 per hour premium will be paid in addition to the regular hourly rate for hours worked between 1800 hours and 0600 hours on weekdays and all shifts worked on weekends (1800 Friday to 0600 Monday). Shift premiums are also applicable to overtime hours paid or banked for overtime hours actually worked between 1800 hours and 0600 hours on weekdays or on weekends.
- 13.02 Where an Employee is on-call duty, the shift premium is only payable for hours actually called back to the facility and worked.**

ARTICLE 14 - VACATIONS

- 14.01 The vacation year shall run from April 1st to March 31st.
- 14.02
- (a) An Employee who has completed less than one (1) year's continuous employment as of the commencement of any vacation year shall be granted a vacation with pay pro-rated for the complete months worked. Such Employees may, on request and if operational requirements of the Employer permit, also receive sufficient leave of absence without pay to

complete any partial week of vacation. The Employer may, subject to operational requirements, permit the Employee that has completed less than one year of service at the commencement of a vacation year to supplement the time off set out above with up to five (5) working days of additional unpaid leave. The combined vacation entitlement and unpaid leave shall not exceed twenty (20) working days.

- (b) The Employer may, subject to operational requirements, permit an Employee to take up to fifteen (15) working days' unpaid leave during the period between the Employee's date of hire and the commencement of the vacation year immediately following the date of hire. The maximum fifteen (15) working days shall be prorated based upon the Employee's date of hire (i.e. six months of employment shall mean up to seven and one-half (7.5) days of unpaid leave).

14.03 An Employee who has completed one year's continuous service as of the commencement of the vacation year shall be entitled to paid vacation calculated on the basis of vacation earned at the following rates:

<u>Length of employment</u>	<u>Vacation Entitlement</u>
After 1 year of service	15 working days
After 4 years of service	20 working days
After 11 years of service	25 working days
After 21 years of service	30 working days

Note: The foregoing is only applicable to new Employees hired on or after the date of ratification. Employees hired prior to the date of ratification will be entitled to the vacation entitlements in existence prior to the date of ratification.

14.04 Letter of Understanding #3 (RE: Application of Vacation Entitlement in Article 14.03) sets forth procedure in circumstances where the weekly and/or daily regularly scheduled hours of work vary for an Employee as part of their shift schedule in regards to their entitled weeks of vacation.

14.05 In recognition of length of service, each Employee shall receive an additional five (5) working days (**maximum of forty (40) hours**) of vacation on completion of twenty (20) years of continuous service, and on each subsequent fifth (5th) anniversary of employment (i.e. 25th, 30th, 35th, 40th etc.). Such days shall be taken during the vacation year in which the 20th or subsequent 5th anniversary occurs.

- 14.06 Employees on Workers Compensation will continue to accrue paid vacation for a period of one (1) year from the date of the first (1st) absence from work, related to the occurrence of the compensable injury or illness.
- 14.07 Vacation entitlements must be taken within the applicable vacation year and may not be carried over into the following vacation year, unless there are exceptional circumstances and approval is granted in writing, in advance of the end of the vacation year by the **Employer's designate**.
- 14.08 **The number of employees that may be permitted to be on vacation at any given time will be subject to operational requirements as determined by the Employer.**

Vacation scheduling procedures may be established by the Employer applicable to a group of employees within a sub-program of a Clinical Service Area. Any such vacation scheduling procedure must be compliant with the terms of this Article unless agreed upon by the Employer and PCAM.

The Employer shall arrange an appointment with each Employee in the sub-program of a Clinical Service Area, in order of seniority, to obtain each Employee's request for vacation scheduling. The appointment will be scheduled between February 15th and March 14th prior to the applicable vacation year, or some other date if agreed upon by the Employer and PCAM. The appointment will take place in person or virtually and shall include reviewing the vacation selected/reviewed to date.

The selected/approved vacation schedule shall be updated on an ongoing basis and shall be posted electronically. Once an Employee's vacation selection has been approved, it shall not be changed during the vacation scheduling period of February 15th to March 14th.

The Employer will, by March 15th, have concluded the vacation scheduling procedure.

An Employee who fails to indicate their choice of vacation dates in accordance with the above, or who wishes to change vacation that has been scheduled during the vacation scheduling procedure, may request to schedule or reschedule vacation after March 15th. Such vacation requests will be considered and approved or denied by the Employer on a first come first serve basis without displacing the request of another employee. An Employee that fails to provide a request for vacation prior to December 1st of the vacation year may have their vacation scheduled at a time determined by the Employer.

An Employee who transfers to another sub-program of a Clinical Service Area after their vacation request has been approved, shall have their vacation scheduled by the Manager of the new sub-program of a Clinical

Service Area in consultation with the Employee within the time periods remaining during that vacation year.

- 14.09 If the Employee is subsequently unable to take **their** earned vacation at the approved scheduled time because of a specific request in writing from the Employer, then every effort shall be made by the Employee and Employer to reschedule the vacation prior to the end of the vacation year, and in the absence of an agreement shall be scheduled at a time determined by the Employer.
- 14.10 Part-time Employees shall be entitled to a paid vacation according to sub-article 14.03, except that their vacation pay shall be calculated as a percentage of regular hours paid. A part-time Employee shall receive **their** entitled vacation over a period of time equivalent to the vacation period of a full-time Employee.
- 14.11 An Employee who terminates employment for any reason is entitled to pay in lieu of vacation earned but not taken, calculated as a percentage of regular hours paid and based on the Employee's basic rate on the date of termination.
- 14.12 **If an Employee wishes to schedule a full week of vacation, they must advise the Employer of that request at the time the vacation is scheduled. If the Employee is scheduled for a full week of vacation, they will be considered to be on vacation for that week and will not be required to work any shifts during that week unless otherwise agreed upon between the Employer and the Employee.**

For the purpose of this Article, a full week of vacation will be seven (7) consecutive calendar days.

ARTICLE 15 - RECOGNIZED HOLIDAYS

- 15.01 The following shall be recognized as paid **recognized** holidays for the purposes of this Agreement and observed on the calendar day on which they fall:

New Year's Day
Louis Riel Day
Good Friday
Easter Monday
Victoria Day
Canada Day

plus any other Recognized Holidays as declared by Federal or Provincial authority.

When the Recognized Holiday falls on a day that is a scheduled work day and the Employer does not require the Employee to work, the Employee will be paid the number of hours the Employee would have been scheduled to work on the Recognized Holiday. By way of example, an Employee working a 2080 hour position with regular eight (8) hour shifts would receive eight (8) hours pay, and an employee working a 2080 hour position with regular ten (10) hour shifts would receive ten (10) hours pay.

- 15.02 Where a Full-time or Part-time Employee is required by the Employer to work on a recognized holiday, **they** shall be paid at one and one-half (1.5x) times the Employee's basic hourly rate of pay for all hours worked on the recognized holiday. In addition, a Full-time Employee will be granted an alternate day off **with a days' pay. The alternate day off with pay will not be applicable if the Employee is only scheduled for on-call duties on the recognized holiday without working any regular duty hours on that day.** If the Employer determines that operational circumstances make it impractical to provide an alternate day off prior to the conclusion of the current vacation year, the Full-time Employee will receive one (1) day's pay rather than an alternate day off.

For the purpose of this Article, a "days' pay" will be calculated based on the length of the regularly scheduled shift length to a maximum of ten (10) hours. By way of example, the pay will be calculated based on eight (8) hours for an Employee occupying a position that is 2080 regular hours annually working a regular eight (8) hour shift, and will be calculated based on ten (10) hours for an Employee occupying a position that is 2080 regular hours annually working a regular ten (10) hour shift. If the Employee occupying a 2080 position works shifts that are a variable shift lengths, the "days' pay" will be eight (8) hours.

The "day off" provided will be the entire duration of the shift length on the applicable day requested and approved, with pay drawn from the accumulated days' pay bank pursuant to the foregoing or from other available banked time. In the absence of available banked time for some or all of the day off, the portion of the day off without banked time available will be unpaid.

- 15.03 **An Employee may accumulate up to forty (40) hours in their recognized holiday bank at any time. If Employee is at maximum any subsequent hours will be paid out and Employee will not be permitted to bank until accumulated bank is below forty (40) hours.**

All accumulated recognized holiday hours will be paid out at the end of each fiscal year.

- 15.04 If a recognized holiday falls on a day on which an Employee is receiving income protection benefits, it shall be paid as a holiday and not deducted from income

protection credits provided the Employee had been receiving income protection benefits prior to the recognized holiday.

- 15.05 Where a recognized holiday falls on a Full-time Employee's scheduled day off, or during the Employee's scheduled annual vacation, **they** shall receive an alternate day off with **a days'** pay at a time mutually agreeable to the Employer and the Employee. If the Employer determines that operational circumstances make it impractical or unable to provide an alternate day off **with a days' pay** prior to the conclusion of the current vacation year, the Employee will receive one (1) day's pay rather than an alternate day off.

For the purpose of this Article, a "days' pay" will be calculated based on the length of the regularly scheduled shift length to a maximum of ten (10) hours. By way of example, the pay will be calculated based on eight (8) hours for an Employee occupying a position that is 2080 regular hours annually working a regular eight (8) hour shift, and will be calculated based on ten (10) hours for an Employee occupying a position that is 2080 regular hours annually working a regular ten (10) hour shift. If the Employee occupying a 2080 position works shifts that are a variable shift lengths, the "days' pay" will be eight (8) hours.

The "day off" provided will be the entire duration of the shift length on the applicable day requested and approved, with pay drawn from the accumulated days' pay bank pursuant to the foregoing or from other available banked time. In the absence of available banked time for some or all of the day off, the portion of the day off without banked time available will be unpaid.

- 15.06 Part-time Employees shall receive pay in lieu of time off for recognized holidays of four point six two percent (4.62%) **up to September 29, 2021, increased to five (5%) effective September 30, 2021**, of the basic pay. Such holiday pay shall be included on each regular pay cheque, and is in addition to payment for time worked on a recognized holiday.

17.02 Employees who have worked on a part-time basis during the employment with the Employer shall receive a pro-rata portion of the pre-retirement leave based on their actual hours worked as compared to those of a Full-time Employee.

17.03 Calculation of pre-retirement leave shall begin from the date of the Employee's last commencing Full-time or Part-time employment with the Employer and shall be based on the Employee's total length of continuous employment as at the date of retirement.

17.04 Arrangements for payment of the Pre-Retirement Leave are at the Employee's option of either:

Part-time Employees shall accumulate income protection credits on a pro rata basis. An Employee shall accumulate income protection credits from the date of commencement of employment.

Of each day and a quarter (1.25) of income protection credits earned, one day shall be reserved exclusively for the employee's personal use as specified in this Collective Agreement. The remaining one quarter (0.25) of a day shall be reserved for either the Employee's use or for the use in the event of family illness as specified in 18.07. The Employer shall maintain an up to date record of the balance of income protection credits reserved for each of these purposes.

- Eighty (80) percent of the balance will be reserved for the employee's personal use.
- Twenty (20) percent of the balance will be reserved for either the Employee's personal use or for use in the event of family leave in accordance with 18.07.

18.02 An Employee that has accumulated income protection credits and who is absent from work due to illness or injury, quarantine, hospitalization, or appointments with a physician, dentist, chiropractor, physiotherapist or other recognized medical therapist recommended by a physician may claim leave with regular basic pay for such absence. An Employee cannot receive income protection benefits for any period of time during which the Employee is eligible for wage loss benefits from any of the Workers Compensation Board, Manitoba Public Insurance or applicable **Disability and Rehabilitation Plan.**

18.03 It is understood that the elimination period for the applicable **Disability and Rehabilitation Plan** is 119 days. The parties agree that income protection will be used to offset the elimination period. An Employee may claim income protection for a period of time not to exceed the elimination period.

18.04 In the event that an Employee is unable to work as a result of accident or illness, **they** shall contact the Employer at least two (2) hours prior to the time **they** would otherwise commence duty and shall keep the Employer advised of the likely duration of the absence.

The Employer will not require a certificate or report for absences of less than three (3) consecutive days except in cases where the circumstances of the absence cause the Employer to suspect abuse. Failure to provide such a certificate or report when requested may disqualify an employee from receiving income protection benefits and/or may result in a refusal of permission for them to resume their duties.

RE: APPLICATION OF VACATION ENTITLEMENTS IN ARTICLE 14.03

1. The purpose of this Letter of Understanding is to confirm that employees working different hours of work and shift schedules are receiving equivalent weeks of paid vacation time off based upon their years of continuous service.

2. PCAM and the Employer therefore confirm the application of the vacation entitlements set forth in Article 14.03 are to be administered as follows:

Days of Vacation in Article 14.03	Application for 2080 Hour Employees working 8 hour shifts	Application for 2080 Hour Employees working 10 Hour shifts	Application for 2600 Hour Employees working 10 hour shifts
15 Working Days	3 weeks of vacation or 120 hours of vacation 1 week equivalent to five (5) shifts of eight (8) hours	3 weeks of vacation or 120 hours of vacation 1 week equivalent to four (4) shifts of ten (10) hours	3 weeks of vacation or 150 hours of vacation 1 week equivalent to five (5) shifts of ten (10) hours
20 Working Days	4 weeks of vacation or 160 hours of vacation 1 week equivalent to five (5) shifts of eight (8) hours	4 weeks of vacation or 160 hours of vacation 1 week equivalent to four (4) shifts of ten (10) hours	4 weeks of vacation or 200 hours of vacation 1 week equivalent to five (5) shifts of ten (10) hours

25 Working Days	5 weeks of vacation or 200 hours of vacation 1 week equivalent to five (5) shifts of eight (8) hours	5 weeks of vacation or 200 hours of vacation 1 week equivalent to four (4) shifts of ten (10) hours	5 weeks of vacation or 250 hours of vacation 1 week equivalent to five (5) shifts of ten (10) hours
30 Working Days	6 weeks of vacation or 240 hours of vacation 1 week equivalent to five (5) shifts of eight (8) hours	6 weeks of vacation or 240 hours of vacation 1 week equivalent to four (4) shifts of ten (10) hours	6 weeks of vacation or 300 hours of vacation 1 week equivalent to five (5) shifts of ten (10) hours

3. In circumstances where the weekly and/or daily regularly scheduled hours of work vary for an employee as part of **their** shift schedule:

- (a) vacation time off taken for a particular week of scheduled work will be reduced from the employee's vacation bank based upon the number of scheduled hours of work for that particular week. For example, if 48 hours of work were scheduled for the week of vacation, 48 hours would be reduced from the employee's vacation bank.
- (b) If in the final week of vacation entitlement the employee has less vacation hours remaining than required for the full week of scheduled hours of work, the balance of the scheduled hours of work in that final week of vacation will be coded as an unpaid leave of absence, unless the employee opted to be paid from available hours (if any) in **their** Overtime and/or **Recognized** Holiday banks, instead of taking unpaid leave of absence. For example, if a 2080 hour employee with four weeks of entitlement (160 hours) has scheduled vacation on four weeks where 48 hours of work are scheduled, 144 hours will be used in the first three weeks of vacation. In the final week of vacation, 16 hours of vacation time would be used and the balance of the time off would be taken as an unpaid leave of absence, unless the employee opted to be paid from available hours (if any) in **their** Overtime and/or **Recognized** Holiday banks, instead of taking unpaid leave of absence.
- (c) If after taking the full number of weeks of vacation the employee has vacation hours remaining, the balance of the vacation time will be paid out at the end of the vacation year, unless by mutual agreement between the **Employer** and employee, additional scheduled shifts (or portions thereof) up to the remaining vacation hours are taken off as paid vacation. For

example, a 2080 hour employee with four weeks of vacation entitlement (160 hours) that takes vacation time off in weeks where **they are** scheduled to work 36 hours will have used 144 hours of vacation time in the four weeks of vacation. The balance of 16 hours will be paid out at the end of the vacation year, unless by mutual agreement between the **E**mployer and employee, additional scheduled shifts (or portions thereof) up to the remaining 16 hours are taken off as paid vacation.

RE: SERVICES PROVIDED AT MULTIPLE SITES/EMPLOYERS/EMPLOYERS ORGANIZATIONS

In the 2022 collective bargaining negotiations, the parties discuss the application of the new bargaining unit structures created by HSBURA and issues related to the placement of employees within those bargaining units.

Home Employer and Work Sites

Within Shared Health and Winnipeg-Churchill Employers Organizations, the parties acknowledge and agree that some Employees are and can be employed by an Employer falling within one Employers Organization (the "Home Employer") having a component of their assigned duties at a site that is associated with another Employer falling within the same Employers Organization or another Employers Organization. Such assigned duties will not impact the employment relationship between the Home Employer and the Employee, nor will it establish a separate or new employment relationship with the Employer associated with the site at which the services are provided. Where such duties are assigned to PCAM members, no objection regarding bargaining unit jurisdiction between separate Employers Organization bargaining units will be raised.

Where a position is posted that requires services to be performed at a site (or sites) associated with another Employer pursuant to the foregoing, the posting will indicate the anticipated Employers for which services may be provided.

Other than those employed by Cancer Care Manitoba, the Winnipeg Health Region Direct Operations has been the Home Employer of the Employees in the Shared Health and Winnipeg-Churchill Employers Organization. The Employers Organizations will continue to review this structure and may implement a change of the Home Employer designation. If there is a change in the Home Employer designation, the affected Employees and PCAM will be provided with not less than

ninety (90) days' notice of the anticipated change and the mobility provisions of the Collective Agreement would be applicable.

Positions Requiring Travel (with multiple sites/Employers/Employers Organizations)

The Employer may establish and post a position that requires services to be performed at a site (or sites) associated with same or another Employer within the same or another Employers Organization that requires travel greater than one hundred (100) km from the site(s) where the position is normally situated with the Home Employer.

An Employee working in such a position will be entitled to mileage and travel expense reimbursement in accordance with the Home Employer's policies and procedures.

The principles outlined above regarding the Home Employer designation would apply to such a position, and the positing for the position will also indicate the travel requirement.
